

For STEM & MFL  
Undergraduates

## Internships

# Teaching Internship at Redborne Upper School in Ampthill (3 weeks – limited places) 17th June – 5th July 2024

**Are you an undergraduate studying Science, Technology, Engineering, Maths (including degrees such as Economics which have a significant amount of maths) Or a Modern Foreign Language?**

**Have you an A level in Physics, Maths or a Modern Foreign Language?**

If you answered YES to both these questions, you could earn **£300 per week** as one of our Interns this summer. You would gain valuable teaching experience, working with students and staff in Maths, Physics or Modern Foreign Languages, with opportunities to plan and deliver aspects of lessons, shadowing staff and undertaking lesson observations and supporting staff in delivering enrichment activities.

**To apply for this role, please email
